HOW A STANDARD UPL LEAGUE WORKS

01

8 TEAMS PER LEAGUE

A standard league consists of eight teams competing in a local area.

02

UP TO 10 REGISTERED PLAYERS PER SQUAD

Captains manage a squad of up to ten registered players throughout the season.

03

5 PLAYERS SELECTED PER FIXTURE

Five eligible players are chosen from the squad to compete on match night.

04

5 INDIVIDUAL SINGLES MATCHES

Fixtures consist of five head-to-head singles matches with no doubles.

05

14-FIXTURE DOUBLE ROUND-ROBIN SESSION

Every team plays each opponent twice across 14 scheduled fixtures.

PROFESSIONAL MATCH STANDARDS

30-MINUTE MATCH CLOCK

Ensures fixtures are completed on time; if the clock expires, the current score is final.

THE LOCAL OPERATOR ROLE

1. SUPPORT LOCAL TEAM RECRUITMENT AND MAINTAIN VENUE RELATIONSHIPS

Build a strong, active league community.

2. COORDINATE LEAGUE DELIVERY AND ACT AS THE LOCAL POINT OF CONTACT

Ensure smooth operations across the season.

3. USE THE UPL ADMINISTRATION PLATFORM FOR SCORING, BILLING AND FIXTURE MANAGEMENT

Manage your league digitally and efficiently.

Operating a UPL area involves a licence fee, which depends on the agreed area and is confirmed before commitment. Figures are illustrative only. Actual operator income depends on active teams, completed fixtures, league retention, local delivery, venue arrangements and confirmed UPL terms. Income is not guaranteed. This is an independent commercial operator opportunity and is not salaried employment.
